

what does a normal labia look like?

Search

The Inner Labia can be:

PROTRUDING

HIDDEN

ASYMMETRICAL

SYMMETRICAL

LIGHT

DARK

SHORT

LONG

WRINKLY

SMOOTH

& EVERYTHING IN
BETWEEN!

Your labia minora
(inner labia) is
unique to you
so it can be every
descriptor you can
think of...

and that is **normal**.
